

HÜPPE EasyStyle wall coverings

Fresh style for your bathroom

HÜPPE
SHOWER AND SOUL

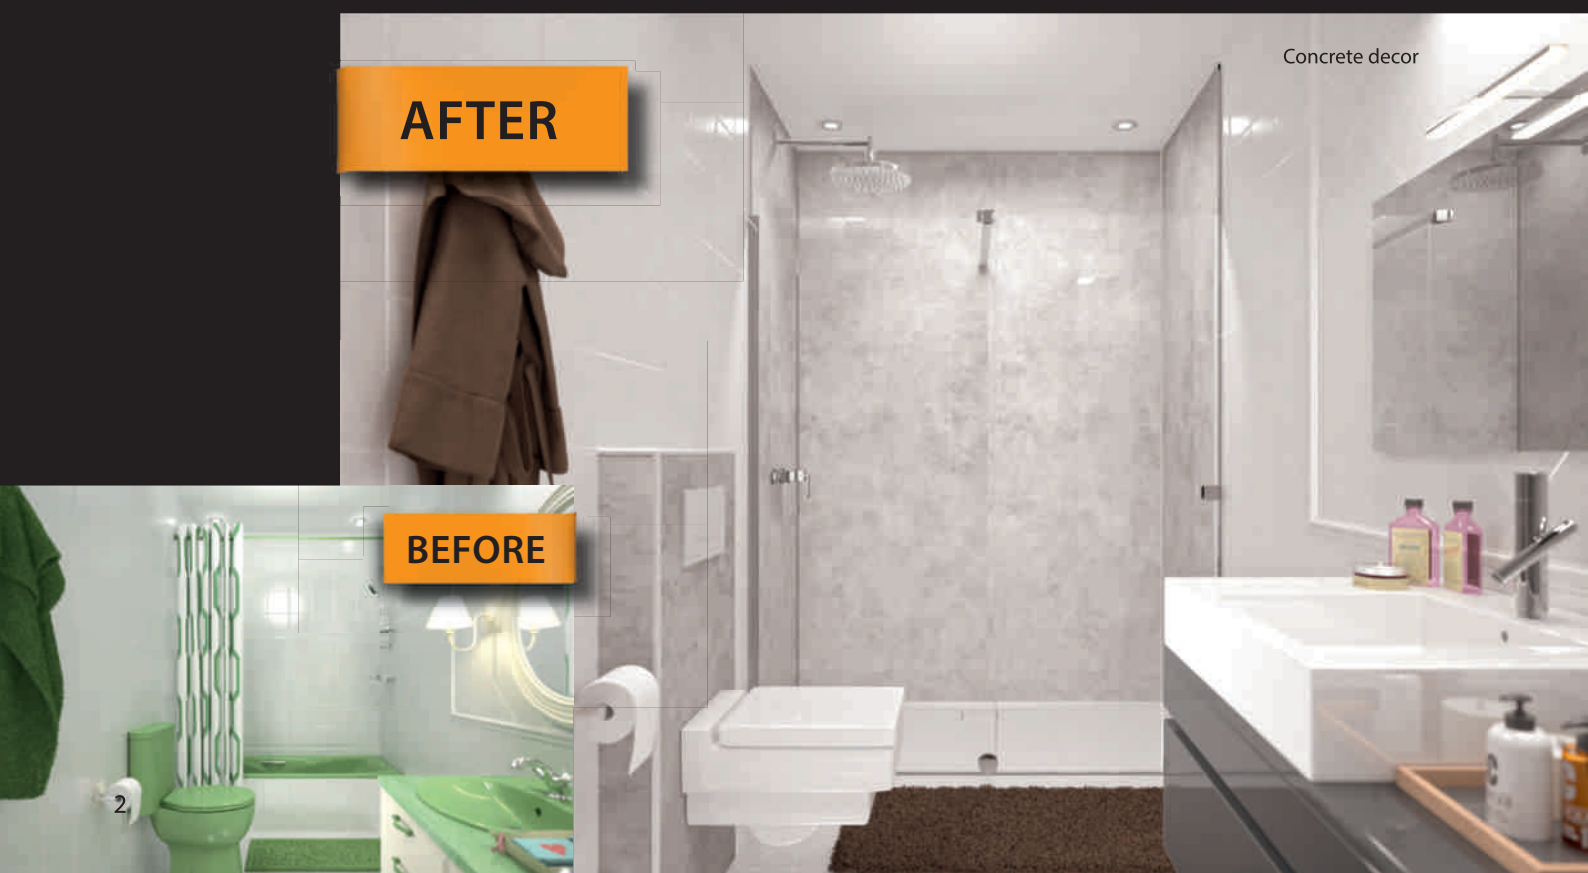

HÜPPE EasyStyle – A BATHROOM WITH NO TILE JOINTS

With decades of experience in the production of shower areas, we know what it comes down to - easy, fast cleaning. With HÜPPE EasyStyle in standard sizes of 1000 x 2550 mm and 1500 x 2550 mm, large surfaces with no tile joints can be designed. When combined with the - also jointless - HÜPPE EasyFlat shower surface, maximum hygiene in the shower area is guaranteed.

The HÜPPE EasyStyle wall covering is manufactured from 3 mm thick, high quality aluminium composite and so is completely water-resistant.

Thanks to our patented, UV-resistant printing process, we can produce completely natural, malleable wood, tile, stone, textile and cement structures. Naturally scratch- and impact-resistant, plus chemical-resistant, for long-term shower pleasure.

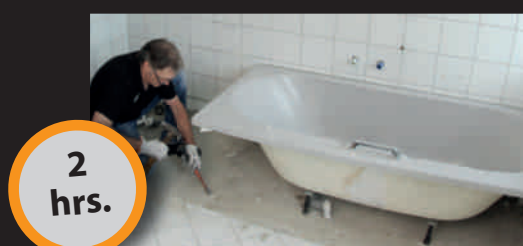

Collections perfected with international designers make your bathroom a positive designer piece and give you confidence in choosing the right decor. When it needs to be different - talk to us. Almost any type of customisation is possible.

48h

RENOVATION IN 48 HOURS

HÜPPE EasyStyle can be attached directly to the old tiles with silicone and adhesive strips or with a surface adhesive. Laborious, dirty removal of the previous tiles is no longer necessary. This way, you can renovate your shower area much more quickly, generating less dirt and dust.

ITALIAN STONE COLLECTION

Here's how you can give your bathroom a natural look! The soft, warm tones of the decors in the ITALIAN STONE collection create a comfortable, homely feel. Three different structures with an almost real stone look give your bathroom a Mediterranean style.

DECOR - **BARCELONA DESIGN** COLLECTION

BARCELONA DESIGN COLLECTION

Tiles with geometric patterns and floral motifs are an integral part of Spanish architecture. The BARCELONA DESIGN collection brings this flair to your bathroom. Or you can opt for the finest marble look. Harmonious decors with marbled texture convey natural liveliness. This is how you create attractive accents!

STANDARD COLLECTION + CUSTOMISED DECORS

Whether you want a purist industrial look or warm colours and a rustic wood design - you can give your bathroom a unique design even with the HÜPPE EasyStyle STANDARD decors.

Would you like to design your shower area in a completely INDIVIDUAL way? With our innovative printing process, sheets with customised motifs, for example your favourite photo from your last summer holiday, can also be produced on request. In this way you can create a very personal design for your bathroom.

*In order to ensure that the customised printing of decors is of good quality, the digital image must meet a number of requirements. Please ask your local retailer for these requirements. Or send your image directly to hueppe@hueppe.com to be checked. We are also happy to answer any further questions regarding customised printing of your decors.

PROFILES AND END CAPS

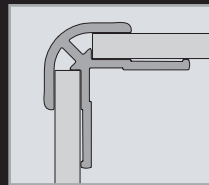

The HÜPPE EasyStyle wall covering system can be installed joint-to-joint. Alternatively, corner, end and connecting profiles made of high quality aluminium are available in seven colours. In this way you can create additional colour highlights.

Triple-impact corner cap for the external corner combination

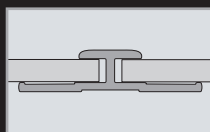

Stop straight / End-piece straight

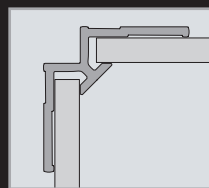

Outer corner / Corner connector on the corner

Double-impact corner cap for the straight end combination

Joint connector / Surface connector

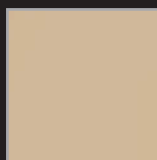

Inner corner / Corner connector in the corner

ALL THE BENEFITS AT A GLANCE

- ⊕ **Hygiene & cleaning:** Aluminium composite panels in the standard formats of 1000 x 2550 mm and 1500 x 2550 mm make large-scale shower areas possible with no tile joints. This enables fast, easy cleaning, leaving the shower area more hygienic for the long term.
- ⊕ **Customisation:** Modern design collections with a wide range of decors. Customised decors are also possible on request. Various completion and connecting profiles are also available, colour-matched to the design collections.
- ⊕ **48-hour renovation:** HÜPPE EasyStyle wall coverings are especially easy to work with. This means fast, clean assembly with little noise and dirt – the bathroom can quickly be used again.
- ⊕ **Long service life:** Thanks to the special surface finish with UV paint, HÜPPE EasyStyle wall coverings are scratch- and impact resistant, as well as chemical-resistant. These properties make the material especially durable and hard-wearing.
